

HEAR TV BETTER

Enjoy a clear personalised TV experience in the company of loved ones, without extreme volume levels. Our IQstream TV will sync TV audio seamlessly with your IQbuds BOOST or MAX to provide a super low latency audio stream, giving you complete control of what you hear.

SIMPLE SET UP

Easy connection to any TV with supplied cables and your IQbuds App. Set up in multiple rooms for personalized audio throughout the house.

SMART SYNC

No cumbersome pairing process, IQstream TV is automatically identified by the Nuheara IQbuds App for true plug and play.

SUPERIOR AUDIO

Our low latency protocols ensure high quality audio at all times. Use IQbuds world controls to blend in your family for a true social TV experience.

FEATURE SUMMARY

- High quality TV audio with low latency
- Personal volume control, no more disturbing others with loud TV
- Simple, seamless in-App pairing and setup
- Multi-room compatible
