# QUICK START GUIDE

## Let's get started!

IQbuds

**IQbuds**
B O O S T

IN THE BOX:
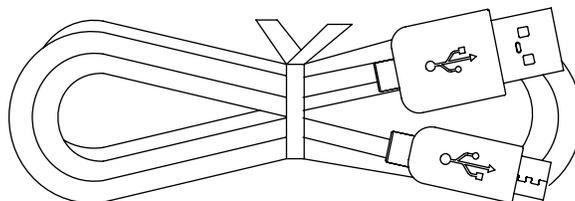

IQbuds™ - Left and Right

Charging/carrying case

Ear tips
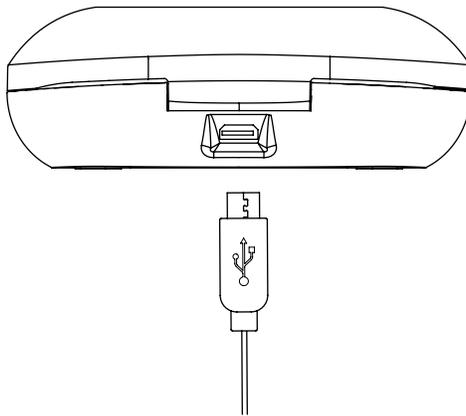

USB cord

CHARGING

STEP 1

There are two devices to be charged - the charging case and the earbuds.

Place your earbuds in the case, ensuring the gold contacts are touching the pins, and close the case to begin charging.
Two red lights on the case will illuminate for a few seconds to confirm the earbuds are charging.
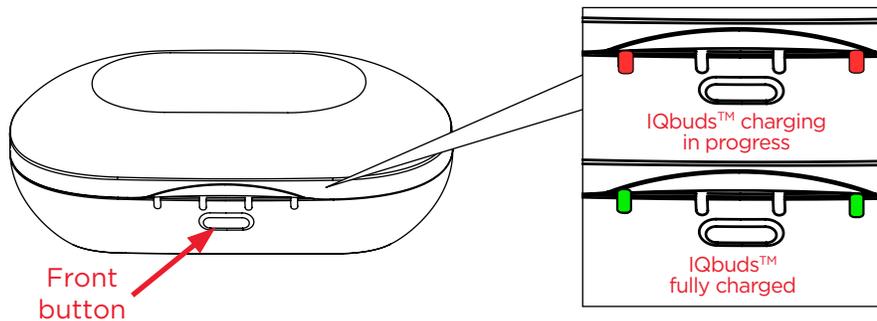

STEP 2

Connect the case to a USB power source (e.g. to a computer or a charging plug) to charge both the case and the earbuds.

| To fully charge case and earbuds for first use	4 hours
To fully charge case	2.5 hours
To fully charge earbuds from case without USB power souce	1.5 hours

CHARGING INDICATORS

There are two devices to be charged - the charging case and the earbuds.

IQbuds™ charging in progress

IQbuds™ fully charged

Front button

Earbuds

When your earbuds are in the case and you close the lid, the indicator lights will display the charging status of the earbuds, as shown above.
If you missed it, press the **front button** for less than 2 seconds ('short press') to display the earbud charging status again.

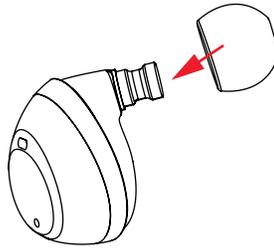

IQbuds™ fully charged

75%

50%

25%

Charging case

When the case is empty and you open it, the indicator lights will show the charging status of the case, as shown above.
When your earbuds are in the case with the lid closed, you can see the charging status of the case by pressing the button for more than 2 seconds ('long press').
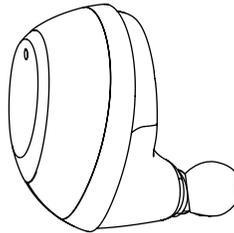

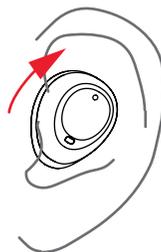

FIT

STEP 1

Gently push the rubber ear tips onto the earbuds as shown. Try the different sizes and shapes of ear tips to get the best fit.

STEP 2

Insert the earbud into your ear with the tip pointing down.

STEP 3

Rotate the earbud toward the back of your head. It should be seated snugly within the ear at a slight backwards angle.

▶ Ear tips should provide a sound-proof seal in the ear without being uncomfortably tight.

Download on the App Store

GET IT ON Google play

PAIR WITH YOUR DEVICE

STEP 1

Remove your IQbuds from the charging case.

STEP 2

Insert your IQbuds in your ears.

STEP 3

Press and hold the tap-touch sensor (either L or R) for 5 seconds ('very long tap'). The announcer will say 'Pairing'. When they have paired with your mobile device, the announcer will say 'Connected'.

▶ You can check if your earbuds are connected by viewing the Bluetooth settings on your mobile device.
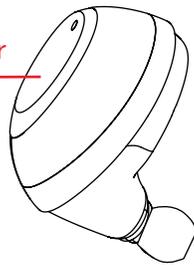

STEP 4

Open the app and follow the tutorials to adjust your earbuds to suit your hearing levels and your environment.
